Past Shows  
2010-2013**

Dear Listener,

Hi and thanks for downloading this summary of past radio shows from CaribHR.Radio.

You are one of over 50,000 listeners who have listened to our programs since the launch in 2010. During that time, we have become a one of a kind resource for Human Resource practitioners around the world with an interest in the practice of HR in the Caribbean. For our region, our archives serve as the best place to discover the latest thinking in the field - as it's being implemented.

Each show runs for about 60-100 minutes on the BlogTalkRadio platform, and also on iTunes where you can subscribe to the broadcast and download each episode.

Enjoy!

### About the Show

CaribHR.Radio is broadcast every two weeks on the BlogTalkRadio Platform. Hosted and produced by Francis Wade, the show is sponsored by Framework Consulting. Monique Walker serves as the Associate Producer.

The CaribHRForum network , which is run on a volunteer basis, was established in 2003 starting with around 10 members. It has grown to the point where, at the end of 2013, its discussion list had over 550 members. This email conversation serves as the hub that unites the community in a single, group interaction that is available 24 hours per day.

In addition to the website, radio show and list, members have an opportunity to share their professional profiles and meet others via CaribHRNet - a LinkedIn group.

These are just some of the resources that make the forum the best place for regional human resources professionals to meet each other, making it a vital tool that uses the best technology as a unifying force.
